INDIANOLA POSTOFFICE

Congressman Williams Says it Is by No Means Settled.

WILL BE A LIVE ISSUE

Mississippi of the Opinion Repeal of the Fifteenth Amendment Will Also Be a Vital Question to Be Acted Upon.

Louisville, Ky., Sept. 19.—Before leaving for his home in Mississippi Congressman Williams, who has been at a local infirmary under treatment, gave out an interview as to the probable issues during the next campaign.

"So far as the south is concerned," said Mr. Williams, "the Indianola affair is by no means settled. It will be a decidedly live issue, not only in the southern states, but in the north as well. The attention of the public will be called to the fact that there is a federal statute which provides that there must be at least one postoffice in each county.

"The repeal of the fifteenth amendment will also be a vital issue in the south, at least. Its enactment was one of the greatest blunders of the century—a blunder worse than a crime. It calls for no effort at frankness on my part to say that I am opposed to it. So far as I know the fourteenth amendment has not been called into question by any one in the south, notwithstanding press reports to the contrary."

WANTED GOING

Negro Is Charged With Criminal Assault on a White Woman.

Atlanta, Ga., Sept. 19.—Owing to threats of the intended lynching of Albert Going, a negro charged with assaulting a white woman near Rome, Ga., Governor Terrell ordered a company of militia in that city to guard the jail where Going is confined. Early Friday a mob began to gather around the jail, and threats to take the negro were heard on all sides.

Later the sheriff received notice that 1000 men were gathering in the neighborhood where the crime was attempted, and they had threatened to kill any deputy who tried to keep them from the negro. On hearing this, he wired the governor, who immediately ordered Major Williamson to mobilize what troops he could and protect the jail.

AT AN END.

National Irrigation Congress Has Concluded Its Labors.

Ogden, Utah, Sept. 19.—The eleventh National Irrigation Congress came to an end late Friday afternoon. It re-elected Senator Clark of Montana president; decided to hold the congress of 1904 in El Paso, and adopted a platform which requested congress to make needed modifications of the existing land laws in order that speculation and monopoly of public domain be prevented.

A recommendation that congress appropriate \$350,000 for a Lewis and Clarke memorial building at Portland, Ore., was also made.

Mrs. Gilbert McClurg of Colorado Springs offered a resolution favoring Indian corn as the national floral emblem of America. Adopted.

People who send away from home for things they can buy of home dealers not only nearly always get an inferior or unsatisfactory article, but they often get into other kinds of trouble, in proof of which witnesses the following from the Marlin Democrat: "About fourteen cases have been filed in Justice Frazier's court wherein a northern buggy concern is the plaintiff and various parties defendant. The suits are to recover balances due on buggies sold some years ago through the method of canvassers."

TO REDUCE RATES.

Louisiana Commission Will Take This Action For Shreveport.

Austin, Sept. 19.—The railroad commission was advised that the Louisiana railroad commission proposed to help Shreveport out in her effort to concentrate Texas cotton at that place by reducing the rate from Logansport to Shreveport to 13 cents per 100 pounds. The existing rate is 20 cents.

A corresponding reduction is to be made from Washington to Shreveport. The effect of these reductions would be to divert a large amount of east Texas cotton to Shreveport which otherwise would go to Galveston.

SOCIAL

and Club Matters

The Elks' club rooms have become a very popular social center and each week witnesses some delightful event there. The younger members of the herd are most active in these functions, but older ones are not lacking who are on hand regularly and add to the pleasures of each occasion. The event of the past week was a hop given Monday evening complimentary to Miss Chaille Margaret Jones of Houston, who was the guest of Miss Nellie Smith. Delightful music was supplied by the Bryan orchestra of eight pieces. The Elks' lodge room proper, roomy and with a splendid floor, always cool and inviting, is the most delightful place for dancing the Bryan young people have ever had. On this occasion everything was favorable and a most congenial company present. The personnel of the party was as follows: Misses Jones of Houston, Smith, Keeling, Nonie Adams, McConico, Hattie McConico, Henrie Wilson, Myers, Foote; Messrs. O. E. Saunders, Bob Harrison, Will Saunders, Smith, Coulter, Oliver, Stevens, Whit Doremus, O. A. Hardy, Girard of Houston, Deware of Ardmore, Mr. and Mrs. T. K. Lawrence, Mr. and Mrs. Fred Pryor, Mr. and Mrs. H. G. Rhodes, Mr. and Mrs. R. T. Boyle, Mr. and Mrs. Frank Clarke, Messdames J. A. McQueen, Geo. W. Smith, M. W. Sims, Tyler Haswell, John B. Hines.

The West End Social club held a delightful meeting with the president Friday afternoon. Progressive flinch was the game indulged and after a lively contest the prize, a pretty burnt wood plaque of Tennyson, was awarded to Mrs. A. McKenzle. Chicken salad, olives and ice tea with pineapple chunks was served. The club meets Friday afternoon, Oct. 2, with Mrs. E. J. Fountain. The members are Messdames Jno. M. Lawrence, G. M. Brandon, R. T. Boyle, E. J. Butler, F. E. Felder, W. C. Fountain, E. J. Fountain, D. C. DeMaret, Seth Mooring, W. D. Lawrence, J. W. Doremus, J. A. McQueen, J. McKenzle, M. W. Sims Jr., W. H. Oliver, P. S. Tilson, Sam M. Winters. Nearly all the members were present at the meeting, and Mrs. F. M. Hall of Austin and Mrs. Jno. B. Hines of Wesson, Miss., were guests.

Miss Jones of Houston was the honoree of a delightful flinch party Wednesday evening at the pretty home of Mr. and Mrs. J. A. McQueen. In addition to the pleasures of the game, no end of fun was created by initiation work in the "Woman's Rights Society." The candidates were Miss Jones and Messrs. Hardy and Harrison. The latter is said to have carried off the honors. At a proper time the company was regaled with cream and cake. In attendance were, Misses Jones, Smith, Marie Adams, Keeling, Foote; Messrs. Saunders, Oliver, Harrison, Hardy, Smith, Howell, Adams, Mr. and Mrs. McQueen.

Misses Weeden of Bethel entertained numerous friends at a jolly party Friday night at the hospitable home of their parents, Mr. and Mrs. J. H. Weeden. Fully one hundred guests were present from the surrounding country and from town and games, music and conversation made up a delightful evening for all. Ice cream and cake were served.

About twenty ladies assembled at the Elks' club rooms Thursday afternoon and spent several hours most pleasantly playing flinch. No movement was made towards the organization of a flinch club.

Mrs. Cliff A. Adams, president of the Chaffing Dish Club has called the first meeting of the club to be held with Mrs. Ed Hall at 3:30 p. m. next Tuesday.

Deed Says Prov-
ed Her to Do So.
Sept. 19.—The wife of John
was shot and killed at her
East Nashville and Miss Lula
Cunningham is in jail charged with the
murder. The women were living in the
same house and no differences had
arisen between them. Several years ago
Wilson married a sister of Miss Cun-
ningham, who went to live with him
and continued to make her home with
her brother-in-law after the death of
her sister. Wilson married Miss Alice
Carr of Louisville last Sunday morn-
ing. He brought his bride at once to
Nashville. There was no objection to
the marriage on the part of Miss Cun-
ningham and all went well until Satur-
day morning, when without warning
she snatched a pistol that was lying
on a mantle and fired four times in
rapid succession. One bullet pierced
the heart of Mrs. Wilson and another
went through a hand. No cause is known
for the deed other than a statement
made by the murderess, who says Prov-
idence directed her to commit the crime.

STILL SOLE TOPIC.

Resignation of Chamberlain Talked
All Over Great Britain.

London, Sept. 19.—The political crisis
is still the sole topic of discussion in
the United Kingdom. Mr. Balfour,
when he appeals to the country, many
say, will be beaten and succeeded by a
Rosebery cabinet, which will not last
long. A curious phase of the situation
is the severe criticism, regardless of
party lines bestowed on Mr. Balfour's
action in publishing his views and sell-
ing them in pamphlet form. The pre-
mier's keen sense of chivalry and honor
are certainly far too deeply appre-
ciated by all parties to ever permit a
suggestion that he purposely adopted a
dubious practice. By Balfour's own
admission, he is "mere child in such
matters," and his inexperience in bus-
iness affairs now appears to have put
him at the mercy of the publishers of
the pamphlet, who are coining money
over a vital issue in national affairs.
That Mr. Balfour will devote his por-
tion of the proceeds to some charity is
generally assumed, but it is regretted
he did not mention some such intention
in his preface to the pamphlet. The
Outlook, which is a warm supporter of
the premier, declares that Mr. Balfour's
indiscretion "strikes a rude blow at
one's reverence for traditions of English
public life."

MONEY IS AVAILABLE

Government of Mexico Is to Have
Approximately Twelve Million
Dollars That Are to Be
at Once Used.

City of Mexico, Sept. 19.—In a re-
port sent from France to President
Diaz by Minister of Finance Liman-
tour, now in France, light is thrown on
the recent heavy railroad securities
for the Mexican government. The fi-
nance minister says that when he left
Mexico he was commissioned to buy se-
curities that would give the govern-
ment control of 5500 kilometers of rail-
road, and also to secure funds that
would permit a continuation of the
great works of general independence
which are now being carried out, and
to do this without having present re-
course to the heavy loan which con-
gress ordered at the beginning of last
year. The minister continues:
By virtue of these arrangements the
government will have approximately
\$12,000,000 available for the prosecu-
tion of the public works alluded to, and
at the same time it has secured in a
very short time and in a thorough
manner the moral and pecuniary situa-
tion which it desired in three rail-
ways, viz: The National, the Interna-
tional and the Inter-Oceanic. It has
strengthened the action of the public
powers with respect to other railways,
and has eliminated forever the danger
of a formidable consolidation of pri-
vate interests that has threatened us.

SAVED HIS SON.

May Be Fatally Injured.

New Orleans, Sept. 19.—Judge Fred
D. King of the civil district court, while
crossing Canal street at the intersection
of Bourbon, was struck by a runaway
team and it is believed was fatally in-
jured. His right leg and arm are broken.
He saved his ten-year-old son from in-
jury by pushing him out of danger.
The team ran amuck for ten squares
through Canal street without striking
an obstacle. Judge King is a brother
of Miss Grace King, the well-known
author.

VIOLENT EARTHQUAKE.

Brick and Plastering Fell, but No Per-
sons Were Injured.

Santiago de Cuba, Sept. 19.—The
most violent earthquake since 1885 oc-
curred here early Saturday. The earth
shook for fifteen seconds, but there
were no undulations. Many people
rushed into the streets and cried and
prayed. Bricks and plastering dropped
in all directions and a few walls fell.
Nobody, however, was injured.

ORDERS POWDER.

Turkish Government Purchases Thou-
sands of Pounds.

Berlin, Sept. 19.—The Turkish war
ministry has ordered 170,000 pounds of
smokeless powder at the Rootwell
works. Turkey has several agents per-
manently residing in Germany who buy
supplies for the army and navy. One
of these, Ahmed Bey, who spends his
time between Essen and Kiel, is espe-
cially active in placing orders for field
transports, saddlery, etc. Turkey is
seemingly about to dispose of sufficient
cash to pay for supplies, as German
firms require money or its equivalent
on delivery.

ODD ACCIDENT.

Gravedigger Hit by a Wad While a
Volley Was Being Fired.

New York, Sept. 19.—An odd accident
has occurred in Orange, N. J., at the
burial of James J. McGrath, who was
killed in the Philippines. The members
of company H, Fifth regiment, escorted
the body to St. John's cemetery and a
squad was told off to fire a military sa-
lute over the grave. As the volley was
fired a grave digger fell, crying out
with pain. Ceremonies were suspended
immediately and the laborer was car-
ried to one side. It was found a felt
wad from a gun had struck him on the
arm, inflicting a painful wound. After it
was seen he was not seriously injured
another volley was fired.

ered the Power of Speech.

New York, Sept. 19.—A remarkable
case, in which a woman has been made
to speak after inability to utter a word
for three years, is that of Miss Emma
Lewis, says a dispatch from Utica, N.
Y. She is fifty years old and lost use of
the vocal chords through paralysis. A
local physician has restored their use
through electrical applications of vary-

now regained her full powers of speech.
